The following edits are made to the IFB:

On page 9, items 2A and 3A are deleted.

On page 10, "Grand Total of Bid" is deleted as items can be bid individually.

On page 10, the reference to January should read 2016 and not 2015.

Questions regarding engineering estimates, inspectors, bonding and other contractual provisions will be addressed shortly.

Please note that McCoy WSC is sampling for lead and the results will be reflected in an addendum.
