AGREEMENT made this \_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_, between  
 \_\_\_\_\_ Water Supply Corporation,  
 a corporation organized under the laws of the State of Texas (hereinafter called the Corporation)  
 and  
 \_\_\_\_\_ (hereinafter called the Applicant  
 and/or Member),

Witnesseth:

The Corporation shall sell and deliver water and/or wastewater service to the Applicant and the Applicant shall purchase, receive, and/or reserve service from the Corporation in accordance with the bylaws and tariff of the Corporation as amended from time to time by the Board of Directors of the Corporation. Upon compliance with said policies, including payment of a Membership Fee, the Applicant qualifies for Membership as a new applicant or continued Membership as a transferee and thereby may hereinafter be called a Member.

The Member shall pay the Corporation for service hereunder as determined by the Corporation's tariff and upon the terms and conditions set forth therein. The Applicant may request a copy of the Corporation's tariff. A copy of this agreement shall be executed before service will be provided to the Applicant.

The Board of Directors shall have the authority to discontinue service and cancel the Membership of any Member not complying with any policy or not paying any utility fees or charges as required by the Corporation's published rates, fees, and conditions of service. At any time service is discontinued, terminated or suspended, the Corporation shall not re-establish service unless it has a current, signed copy of this agreement, and the member/applicant has complied with all terms and conditions that caused the service discontinuance.

If this agreement is completed for the purpose of assigning utility service as a part of a rural domestic water and/or wastewater system loan project contemplated with the Rural Development, an Applicant shall pay an Indication of Interest Fee in lieu of a Membership Fee for the purposes of determining:

- a. The number of taps to be considered in the design and
- b. The number of potential ratepayers considered in determining the financial feasibility of constructing
  - 1) a new water system or
  - 2) expanding the facilities of an existing water system.

The Applicant hereby agrees to obtain, utilize, and/or reserve service as soon as it is available. Applicant, upon qualification for service under the terms of the Corporation's policies, shall further qualify as a Member and the Indication of Interest Fee shall then be converted by the Corporation to a Membership Fee. Applicant further agrees to pay, upon becoming a Member, the monthly charges for such service as prescribed in the Corporation's tariff. Any breach of this agreement shall give cause for the Corporation to liquidate, as damages, the fees previously paid as an indication of interest. In addition to any Indication of Interest Fees forfeited, the Corporation may assess a lump sum of \$300.00 as liquidated damages to defray any losses incurred by the Corporation. If delivery of service to said location is deemed infeasible by the Corporation as a part of this project, the Applicant shall be denied Membership in the Corporation and the Indication of Interest Fee, less expenses, shall be refunded. The Applicant may re-apply for service at a later date under the terms and conditions of the Corporation's policies. For the purposes of this agreement, an Indication of Interest Fee shall be of an amount equal to the Corporation's Membership Fees.

All water shall be metered by meters to be furnished and installed by the Corporation. The meter and/or wastewater connection is for the sole use of the Member or customer and is to provide service to only one (1) dwelling or one (1) business. Extension of pipe(s) to transfer utility service from one property to another, to share, resell, or submeter water to any other persons, dwellings, businesses, or property, etc., is prohibited.

The Corporation shall have the right to locate a water service meter and the pipe necessary to connect the meter on the Member's property at a point to be chosen by the Corporation, and shall have access to its property and equipment located upon Member's premises at all reasonable and necessary times for any purpose connected with or in the furtherance of its business operations, and upon discontinuance of service the Corporation shall have the right to remove any of its equipment from the Member's property. The Member shall install, at their own expense, any necessary service lines from the Corporation's facilities and equipment to the point of use, including any customer service isolation valves, backflow prevention devices, clean-outs, and other equipment as may be specified by the Corporation. The Corporation shall also have access to the Member's property for the purpose of inspecting for possible cross-connections, potential contamination hazards, illegal lead materials, and any other violations or possible violations of state and federal statutes and regulations relating to the federal Safe Drinking Water Act or Chapter 341 of the Texas Health & Safety Code or and the corporation's tariff and service policies.

The Corporation is responsible for protecting the drinking water supply from contamination or pollution which could result from improper practices. This service agreement serves as notice to each customer of the restrictions which are in place to provide this protection. The Corporation shall enforce these restrictions to ensure the public health and welfare. The following undesirable practices are prohibited by state regulations:

- a. No direct connection between the public drinking water supply and a potential source of contamination is permitted. Potential sources of contamination shall be isolated from the public water system by an airgap or an appropriate backflow prevention assembly in accordance with state regulations.

- b. No cross-connection between the public drinking water supply and a private water system is permitted. These potential threats to the public drinking water supply shall be eliminated at the service connection by the proper installation of an airgap or a reduced pressure-zone backflow prevention assembly and a service agreement must exist for annual inspection and testing by a certified backflow prevention device tester.
- c. No connection which allows condensing, cooling, or industrial process water to be returned to the public drinking water supply is permitted.
- d. No pipe or pipe fitting which contains more than 0.25% lead may be used for the installation or repair of any public water supply.
- e. No solder or flux which contains more than 0.2% lead may be used for the installation or repair of any plumbing in a residential or nonresidential facility providing water for human consumption and connected to a public drinking water supply system.

The Corporation shall maintain a copy of this agreement as long as the Member and/or premises is connected to the public water system. The Member shall allow their property to be inspected for possible cross-connections, potential contamination hazards, and illegal lead materials. These inspections shall be conducted by the Corporation or its designated agent prior to initiating service and periodically thereafter. The inspections shall be conducted during the Corporation's normal business hours.

The Corporation shall notify the Member in writing of any cross-connections or other undesirable practices which have been identified during the initial or subsequent inspection. The Member shall immediately correct any undesirable practice on their premises. The Member shall, at their expense, properly install, test, and maintain any backflow prevention device required by the Corporation. Copies of all testing and maintenance records shall be provided to the Corporation as required. Failure to comply with the terms of this service agreement shall cause the Corporation to either terminate service or properly install, test, and maintain an appropriate backflow prevention device at the service connection. Any expenses associated with the enforcement of this agreement shall be billed to the Member.

In the event the total water supply is insufficient to meet all of the Members, or in the event there is a shortage of water, the Corporation may initiate the Emergency Rationing Program as specified in the Corporation's Tariff. By execution of this agreement, the Applicant hereby shall comply with the terms of said program.

By execution hereof, the Applicant shall hold the Corporation harmless from any and all claims for damages caused by service interruptions due to waterline breaks by utility or like contractors, tampering by other Member/users of the Corporation, normal failures of the system, or other events beyond the Corporation's control.

The Applicant shall grant to the Corporation permanent recorded easement(s) dedicated to the Corporation for the purpose of providing reasonable rights of access and use to allow the Corporation to construct, maintain, replace, upgrade, parallel, inspect, test and operate any facilities necessary to serve that Applicant as well as the Corporation's purposes in providing system-wide service for existing or future members.

By execution hereof, the Applicant shall guarantee payment of all other rates, fees, and charges due on any account for which said Applicant owns a Membership Certificate. Said guarantee shall pledge any and all Membership Fees against any balance due the Corporation. Liquidation of said Membership Fees shall give rise to discontinuance of service under the terms and conditions of the Corporation's tariff.

By execution hereof, the Applicant agrees that non-compliance with the terms of this agreement by said Applicant shall constitute denial or discontinuance of service until such time as the violation is corrected to the satisfaction of the Corporation.

Any misrepresentation of the facts by the Applicant on any of the pages of this agreement shall result in discontinuance of service pursuant to the terms and conditions of the Corporation's tariff.

**McCoy Water Supply Corporation**  
**Deferred Payment Agreement**

By execution of this Agreement, the undersigned Member agrees to payment of outstanding debt for water utility service as set forth below:

Member agrees to pay \$103.88 per month, in addition to current monthly utility service rates, fees, and charges, as set forth in the Corporation's Tariff, until the account is paid in full. Any fees normally assessed by the Corporation on any unpaid balance shall apply to the declining unpaid balance.

Failure to fulfill the terms of this Agreement shall institute the Corporation's disconnection procedures as set forth in the Corporation's authorized representative.

Website: [www.mccoywsc.com](http://www.mccoywsc.com)

We'd like to take this opportunity to welcome you as a Member of McCoy Water Supply Corporation. We are a Member owned, non-Profit Corporation under the direction of a seven-member Board of Directors. Regular Board of Directors Meetings are conducted the second Thursday of every month at 7:00 p.m. @ the McCoy WSC Business Office and are open to the public. This is some of the pertinent information contained in Our State-Filed Water Tariff that will be of immediate value to you.

- 1. Water Meter Assemblies:** McCoy WSC maintains a cut-off valve on our side the water meter. **Do not** use the valve to cut off your water on and off. All new meter installs the customer will need to equip their side with cut-off handle just ahead of the meter on the customer's side. However, some older assemblies may not have a cut-off valve. If your meter assembly is not equipped with a cut-off valve we strongly encourage you to have one installed by a licensed plumber before you have a major leak and subsequent large water loss on your side of the line. Additionally, McCoy's responsibility for the service ends at the water meter. All fittings and assemblies (pressure regulators, home filters, etc.) ahead of the water meter on the customer's side are the customer's responsibility. Finally, we know the leaks can happen at the most inopportune times. If you are not familiar with water line repairs on your property we recommended that you find a plumber that will respond to your property on evenings or weekends **before** you have a problem.
- 2. One Meter Rule:** State law allows one residential, business or industrial connection to one water meter. If you have, moved or built an additional residence or business on your property you must obtain a second water meter. Violations of this rule will result in temporary disconnection of water service to the property until the violation is corrected.
- 3. Monthly Bills:** Bills are mailed by 1<sup>st</sup> of every month and are due on or around the 15<sup>th</sup> of every month, after the due date a \$15 late fee will be charged to the account. Delinquent accounts will be locked on or about the 28<sup>th</sup> of each month if payment has not been received by the last day to pay indicated on the Shut Off Notice. Once an account is locked for delinquency a \$75 reconnect fee will be charged and must be paid along with outstanding balance before service is restored. Please read the dates on your bill carefully to avoid late or disconnections charges.

The minimum monthly bill is \$35.00. For usage of 1 to 10,000 gallons the charge is \$2.50 per thousand gallons, usage from 10,001 to 20,000 gallons the charge is \$3.00 per thousand gallons, usage from 20,001 to 50,000 the charges \$4.00 per thousand gallons and \$4.50 per thousand for usage excising 50,000 gallons.

- 4. Returned Check Fee:** Accounts will be charged an additional \$35.00 for a returned check. If three non-negotiable instruments are received within a 12 month period payment privileges by check will be terminated and payment will only be accepted by cash, money order or cashier checks. We do not accept credit card payments. If payment is made by returned instrument following receipt of a Shut Off Notice by the Member, the service shall be disconnected immediately after the system receives notice of insufficient funds or closed account.
- 5. Reconnect Fee.** The Corporation shall charge a fee of \$75 for reconnection of service following disconnection of water service for any reason as provide for in our Tariff.

- 6. Payment Extensions and Arrangements:** To avoid disconnection for delinquency a Payment Extension must be made before Disconnect Day in our business office (in accordance with the provisions of our Tariff.) Payment Arrangements may be made for large water bills that results from leaks or exceptionally high usage.
- 7. Meter Reading Fee:** State law requires monthly meter readings, as a member of the McCoy WSC you are responsible to read your meter monthly, it is **DUE BY THE DUE DATE OF THE BILL** every month of your account will be estimated. The reading can be written on your payment stub, called in 830-569-5575, faxed in or online [mccoywsc.com/meter-reading](http://mccoywsc.com/meter-reading). If you fail to report a reading after two consecutive months an operator will read the meter and a \$55.00 service fee will be assessed to the account. A member may request to be placed on monthly meter reading program for \$5.00 monthly fee.
- 8. Disabled and Social Security Recipients:** If you are over the age of 65 and receiving Social Security benefits or disabled and receiving supplemental Social Security benefits you must complete an application to allow additional time to pay your bill without incurring a monthly \$15 late charge. You must provide proof of eligibility to Business Office.
- 9. Leaks:** A one-time leak adjustment is available to customers who experience a high water loss in excess of 50,000 gallons. The customer must demonstrate through repair bills or other means that they had a leak on their property
- 10. Membership Fee:** A Membership Fee of \$100 must be paid for each new meter service and is refundable at the time of a Voluntary Disconnect. When terminating an account Members have two options. if you have sold your property you may transfer Membership to the new owner or sign a Voluntary Disconnect form to have your Membership Fee Refunded, a \$15 service charge shall be applied to the account in addition to any usage.
- 11. Call before you dig:** As a property owner Texas Law requires residents to call for locates BEFORE digging or excavating property; such as building a fence, grading the land, putting in a culvert, etc. Texas Law allows up to 48 hour for utility companies to locate lines. Any damages incurred due to failure to call for a Locate will be property owners' responsibility.

I acknowledge receipt and understanding of these rules as provided herein.

**RIGHT-OF-WAY EASEMENT  
(General Type Easement)**

**KNOW ALL MEN BY THESE PRESENTS**, that \_\_\_\_\_  
(hereinafter called "Grantors"), in consideration of one dollar (\$1.00) and other good and valuable consideration paid by \_\_\_\_\_ (hereinafter called "Grantee"), the receipt and sufficiency of which is hereby acknowledged, does hereby grant, bargain, sell, transfer, and convey to said Grantee, its successors, and assigns, a perpetual easement with the right to erect, construct, install and lay and thereafter access and use, operate, inspect, repair, maintain, replace, upgrade, parallel and remove water distribution and/or sewer collection lines and appurtenances, over and across \_\_\_\_\_ acres of land, more particularly described in instrument recorded in Vol. \_\_\_\_\_, Page \_\_\_\_\_, Deed Records, \_\_\_\_\_ County, Texas, together with the right of ingress and egress over Grantor's adjacent lands for the purpose for which the above mentioned rights are granted. The easement hereby granted shall not exceed 15' in width, and Grantee is hereby authorized to designate the course of the easement herein conveyed except that when the pipeline(s) is installed, the easement herein granted shall be limited to a strip of land 15' in width, the center line thereof being the pipeline as installed.

Grantee shall have such other rights and benefits necessary and/or convenient for the full enjoyment and use of the rights herein granted, including without limitation, (1) the reasonable right of ingress and egress over and across lands owned by Grantor which are contiguous to the easement; (2) the reasonable right from time to time to remove any and all paving, undergrowth and other obstructions that may injure Grantee's facilities and appurtenances or interfere with the construction, maintenance, inspection, operation, protection, repair, alteration, testing, replacement, upgrading, relocation (as above limited), substitution or removal thereof; and (3) the rights to abandon-in-place any and all water supply and/or sewer distribution lines, service lines and associated appurtenances, such that Grantee shall have no obligation or liability to Grantor, or their successors or assigns, to move or remove any such abandoned lines or appurtenances.

In the event the easement hereby granted abuts on a public road and the county or state hereafter widens or relocates the public road so as to require the relocation of this water and/or sewer line as installed, Grantor further grants to Grantee an additional easement over and across the land described above for the purpose of laterally relocating said water and/or sewer line as may be necessary to clear the road improvements, which easement hereby granted shall be limited to a strip of land 15' in width, the center line thereof being the pipeline as relocated.

The consideration recited herein shall constitute payment in full for all damages sustained by Grantors by reason of the installation of the structures referred to herein and the Grantee will maintain such easement in a state of good repair and efficiency so that no unreasonable damages will result from its use to Grantor's premises. This Agreement together with other provisions of this grant shall constitute a covenant running with the land for the benefit of the Grantee, its successors, and assigns. The Grantors covenant that they are the owners of the above described lands and that said lands are free and clear of all encumbrances and liens except the following:

---

---

---

---

Grantor does hereby bind itself, its successors and assigns, to WARRANT AND FOREVER DEFEND, all and singular, the easement herein granted to Grantee, or Grantee's successors and assigns, against every person whomsoever claiming, or to claim, the same or any part thereof.

The easement conveyed herein was obtained or improved through Federal financial assistance. This easement is subject to the provisions of Title VI of the Civil Rights Act of 1964 and the regulations issued pursuant thereto for so long as the easement continues to be used for the same or similar purpose for which financial assistance was extended or for so long as the Grantee owns it, whichever is longer.
